

COSC 222 Data Structure

Red Black Tree - In-Class Activity

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

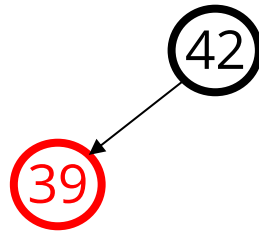

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

42

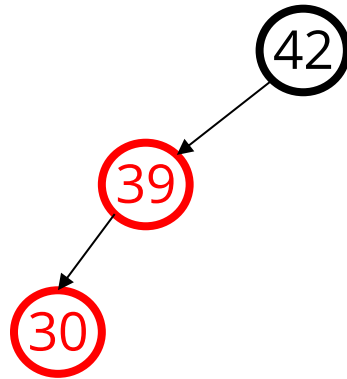

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

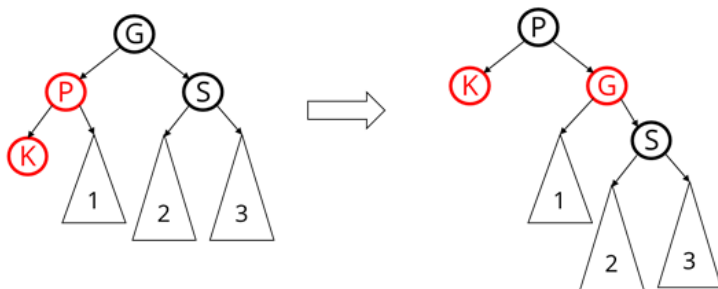

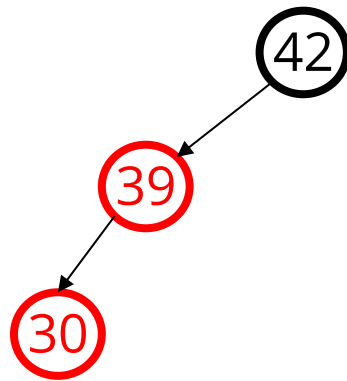

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

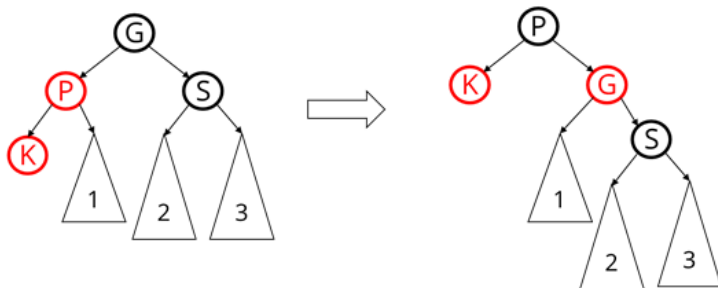

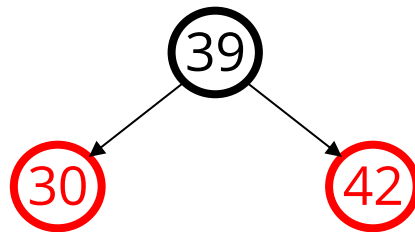

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

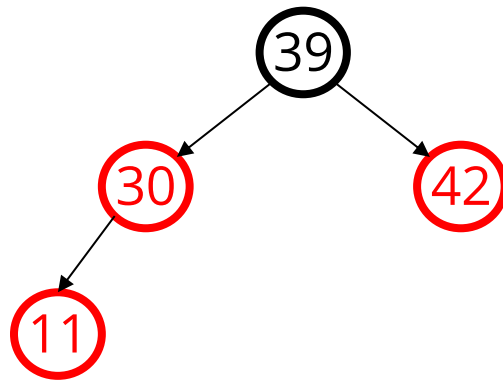

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

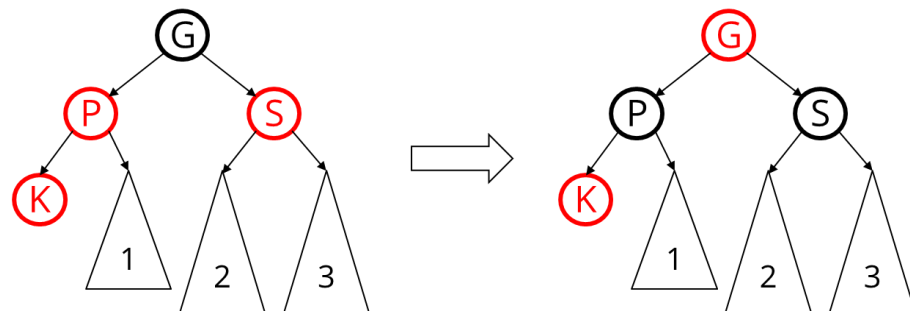

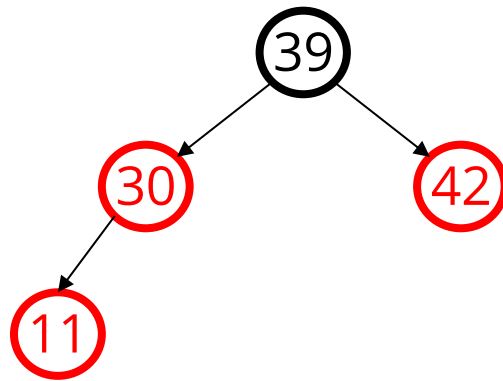

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

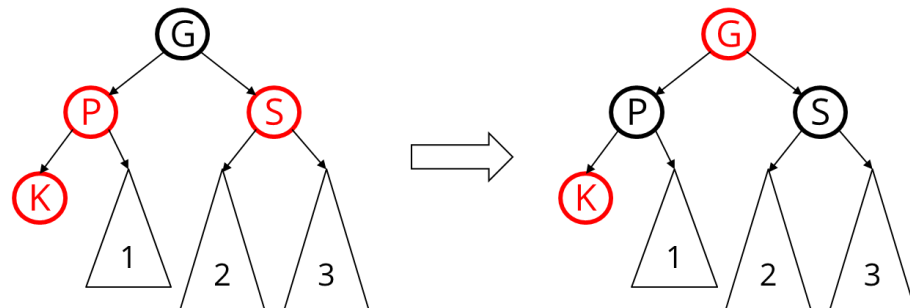

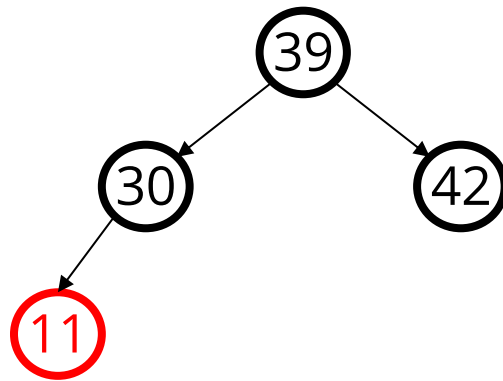

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

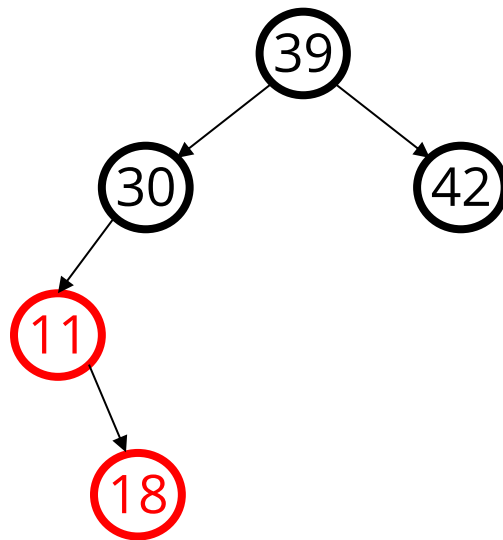

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

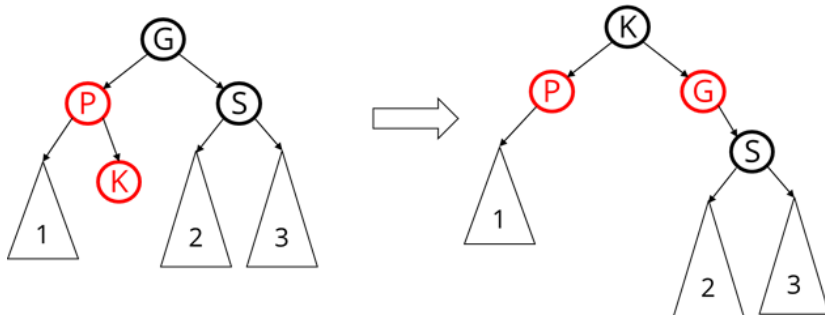

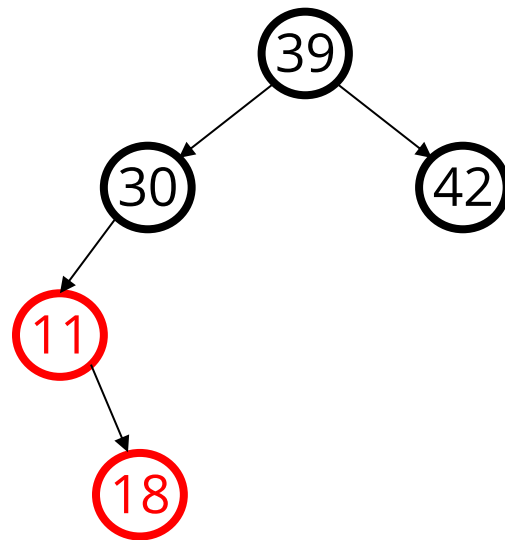

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

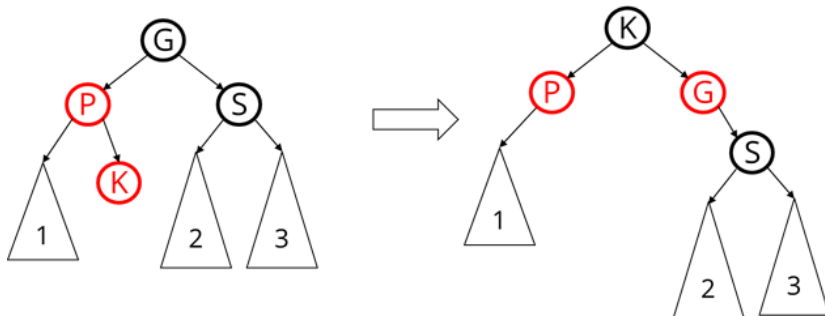

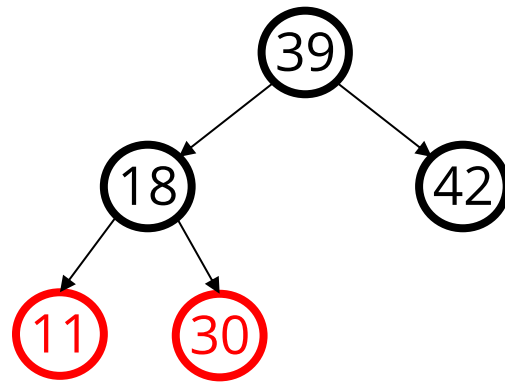

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

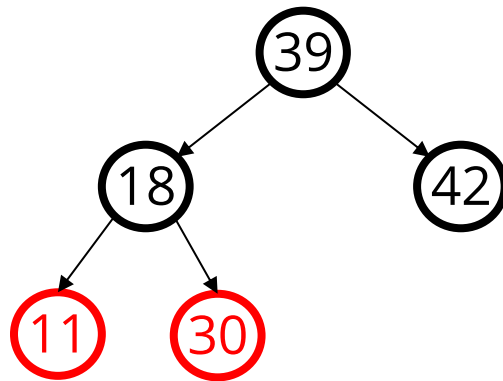

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

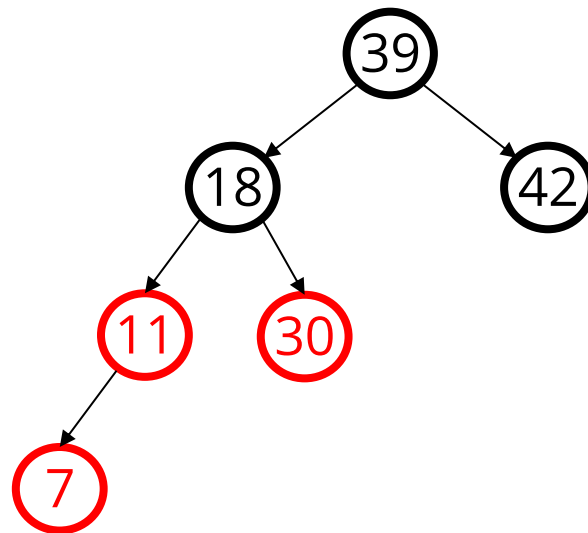

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

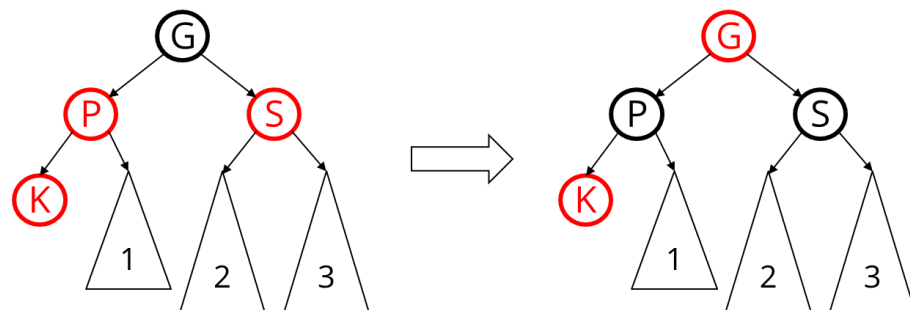

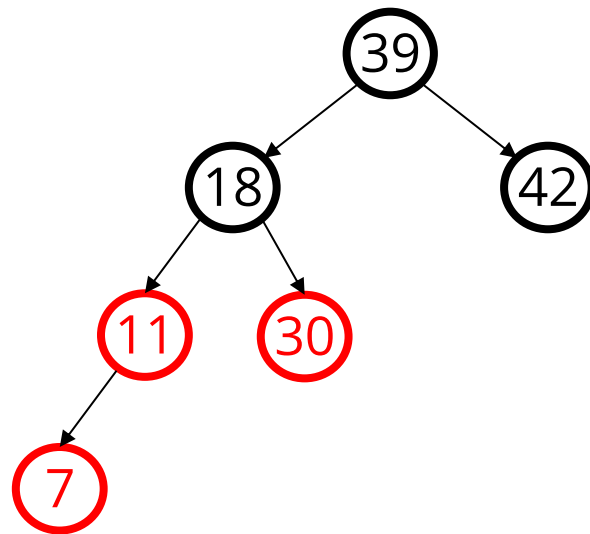

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.

Red Black Tree

- Show the red-black trees after inserting the keys 42, 39, 30, 11, 18, 7 into an initially empty tree.
